# SYMBOL of PROGRESS

Truly, one of the largest consignment sales of handpicked bulls and females from one of the greatest Shorthorn states in the nation, KANSAS.

The Mid-Kansas Sale Features:

SELECTION: With the large consignment, the buyer is offered unparalleled opportunities to bid on and buy a bull to his exact requirements. Females also in large numbers, that have already proved themselves. From powerful bloodlines and mated to powerful bulls.

JUDGED BY A TOP COWMAN: Harold Thieman, nationally known cattleman from Concordia, Mo. and a past President of the American Shorthorn Association and at present, a member of the Board of Directors of the American Shorthorn Association, will judge all the cattle. This will give you the opportunity to compare your judgement with one of the top judges in the country and will of course, determine sale order.

This Is Not A New Sale --

1,980 Shorthorn bulls and females have been sold in these Mid-Kansas Sales, to buyers from California on the west coast, to Texas on the Gulf and to the Dakotas on the north. Here's one of your finest opportunities to join the continually growing list of satisfied customers of Mid-Kansas bulls and females.

THE BULLS include sons of some of the most outstanding sires of the breed.

THE FEMALES are as valuable a group as will be offered in any other sale this spring. The consignments include 17 young cows from one of the Midwest's greatest herds, that of Tomson Bros., Wakarusa, Kans. Every cow has been selected because she made an outstanding record. The dam of many prominent bulls sell -- including the mother of a \$2,500 bull that went to one of the top herds in the northwest.

"I believe the Mid-Kansas Sale offering this spring will offer you as much for your money in good bulls and females, as you will be able to select anywhere."

Merv Aegerter, Sale Manager

His dam, Will-A-Dell Jealousy 6th was a 2nd prize heifer in the Iowa State Fair 4-H show and Jealousy 19th was a purple ribbon winner at the Ak-Sar-Ben Show. A half sister was champion sale heifer at the 1961 Chicago International Livestock Show. The fact that we also have the 1962 Iowa Royal Sale champion bull in service, we can spare this young bull and think he should be one of the sale attractions.

# Why Buy Shorthorn Bulls?

## Best for Crossing . . .

Louisiana State University tests show Shorthorn crosses with Angus and Herefords were superior to the Angus-Hereford cross in weaning weight, rate of gain, and carcass grade.

## More Weaning Weight . . .

A summary of 32 feeder sales in Virginia in 1962 revealed that Shorthorn steer calves averaged 12 lbs. per head more than the next closest breed at weaning age, and 18 lbs. per head more than the other main breed.

## Top Carcasses . . .

A 210-head study by the Quebec Department of Agriculture proved that Shorthorns mature earlier and produce a higher carcass grade than blacks or whitefaces.

## More Valuable Calf Crops . . .

The Virginia Feeder Sales also prove that Shorthorn calves bring more dollars at sale time. In 1960 the Shorthorn advantage was \$10.67 per calf. In 1961 the Shorthorn advantage was \$6.00 per calf.

## Superior Gaining Ability . . .

Shorthorns have topped the Kentucky Performance Tests for three straight years. Their most significant advantage was in average daily gains. Shorthorns also scored the highest average gains for eight straight years in the large Front Royal, Virginia, Performance Tests.

## Better Quality . . .

The 1962 Virginia Feeder Sale summary showed that 49 per cent of the Shorthorn calves sold graded fancy and choice as compared to only 35 per cent of all calves sold. In the Kentucky Performance Tests for 1959, 1960 and 1961, Shorthorns had the highest type score of all breeds.
